The bushes on Temple -- at street level -- absolutely must be taken care of today. Please see the attached photo. These were the bushes specifically identified as problematic by LAC DPH and were included in their original inspection report. They must be cut to at least 6 inches off the ground and the berry-bearing and ground-covering vegetation must be removed. I have copied all of your GMs and executives so they are aware. Again, we cannot have any negative findings on DPH's re-inspection report. The re-inspection is tomorrow at 8am; these issues must be addressed before that time.

Please let me know if you have any questions.

Thanks.

Brian

Good morning Brian!

I had planned to update at our weekly meeting that; Recreation and Parks Dept. (RAPD) staff in preparation of the re-inspection tomorrow, has begun removing ground cover vegetation and pruning trees per LAC DPH as follows:

- \* west entrance to City Hall East, removed ground cover vegetation from raised planters and circular concrete containers
- \* southwesterly side of City Hall South, pruned vegetation
- \* corner of Main Street and Temple, removed ground cover vegetation.
- \* pruned 31 trees to date

In addition, and as discussed at our weekly meetings, RAP will contract out the bulk of the ground cover vegetation removals. Our contractor is scheduled to start the work at City Hall South, City Hall East, and north mall grounds on Friday, March 1st. The work will be completed in 3-4 weeks. This was the earliest we could get the contractor on board.

I will attend the re-inspection tomorrow.

Thank you!

All,

I drove past the Temple side of City Hall East this afternoon and observed the bushes identified by LAC DPH as problematic appear not to have been trimmed or cut back to their recommended specifications. It also doesn't appear all of the berry-bearing and other ground-covering vegetation has been removed or that the trash situation at the bench / bus stop has been remedied. If I'm wrong about this, I apologize. If I'm correct in my observations, these issues, as well as any other issue identified by LAC DPH in

## Re: CC Clean Up - Roster

their initial inspection must be immediately addressed before Thursday's re-inspection at 8am.

We cannot afford to have any negative findings in DPH's re-inspection report.

Please let me know if you have any questions.

Thanks.

Brian
